The Tendring Community Safety Partnership

# 2021/2022 Strategic Priorities

# Delivery Plan

## The Community Safety Partnership aims to reduce crime and disorder, Anti-Social Behaviour affecting the local environment, including the misuse of drugs and alcohol.

The Police, Fire and Crime Commissioner provides funding to Community Safety Partnerships.

This funding should be used to support activities that deliver against the priorities in the PFCC's Police and Crime, as well as local priorities. It is, expected that each activity funded using PFCC resources will respond to either a priority in the Police and Crime Plan, or a priority which has been identified through the Strategic Assessment as being a local need.

The PFCC's priorities are outlined in the Police and Crime Plan 2016-2020:

Priority 1 - More Local, Visible and Accessible policing
Priority 2 - Crack down on Anti-Social Behaviour
Priority 3 - Breaking the Cycle of Domestic Abuse
Priority 4 - Reverse the Trend in Serious Violence
Priority 5 - Tackle Gangs and Organised Crime
Priority 6 - Protecting Children and Vulnerable People from Harm
Priority 7 - Improve Safety on Our Roads

The 2021 – 2022 Delivery Plan will continue to have the same priorities as the previous year, however some of the projects within the plan may differ due to Covid 19 and the ability to run some of the programmes and projects. An analysis review of overall recorded crime together with an evaluation of responses from public engagement identifies the key priorities for the Tendring Community Safety Partnership should be the following:

### Tackling and Enforcement of ASB issues:

Identifying and supporting repeat and vulnerable victims. Identify hotspot locations and / or increases in ASB trends. Anti-Social Behaviour affects families and communities and by addressing these activities we can help improve the quality of life in the community. Improve perceptions and facilitate local problem solving to address issues.

**To reduce harm to and safeguard vulnerable victims (including Children) from:**

Domestic Abuse, Sexual Offences incl Rape, CSE, Gang related violence, Hate Crime, Cyber bullying / grooming, Serious Organised Crime to include Modern Day Slavery, Human Trafficking and Violent Extremism With a specific emphasis on: Tackling the root causes of Domestic Abuse and reporting of Hate Crime

**Reducing Violence and Knife Crime**

Identifying hotspot locations, and / or increases in crime trends. Work with partner agencies to raise awareness of Knife Crime across the district. The fear of crime, whether real or perceived, can also have a very serious impact upon people and communities. With a specific emphasis on County Lines, Violence with injury and Drug / Alcohol related violence.

**Reduce youth offending and re-offending of adults and young people**

Reduce youth offending and reoffending of adults and young people, thereby reducing instances of residential (dwelling) burglary, most serious violence, personal robbery and drug offences. Reoffending affects families and communities and by reducing it we can help increase community cohesion and improve their quality of life. The fear of crime, whether real or perceived, can also have a very serious impact upon people and communities. Reducing reoffending can help build safer communities and increase public confidence in the criminal justice system.

Underpinning the above strategic priorities will be effective partnership working, the partnership will also work together to meet emerging local threats and trends. This will be achieved by sharing information and data to identify emerging issues, working together to devise and deliver local solutions and targeting resources accordingly.

SET Reducing Reoffending Strategy

This plan shows the priorities for Tending Community Safety Partnership (CSP) for 2021 - 2022.

The priorities have been identified through our Strategic Assessment of crime which involved a detailed analysis of crime, intelligence and public consultation (reviewed and refreshed 1st February 2021)

The Annual Partnership Plan is supported by funding streams that are collectively pooled together to maximise their impact upon crime reduction.

The detailed Partnership Plan set out below, details actions to achieve targets set for our top priorities. However, these may be subject to change if other more urgent crime reduction priorities are identified and need to be addressed or actioned by the CSP.

| The Youth Project<br><br>The organisation's objectives are to provide young people with social, emotional, and behavioural and educational support as these individuals often have difficulty with traditional schooling, subsequently increasing the risk of social exclusion with negative long-term consequences for their future social engagement and life opportunities. Evidence indicates that these factors are linked to high levels of crime, particularly in relation to gang culture, with an estimation of around 46,000 young people involved in county lines culture within the UK. Schools can often lack the time and resources to support the development of | TCSP Priority Reducing Violence and Knife Crime<br><br>The target audience will be a focus on young people who are excluded from mainstream education or those who are at risk of offending between the ages of 11-16 years old. The project will focus on a maximum of 10 young people at one time, identified by Clacton Coastal Academy staff, Social Services and Essex Police, subject to being deemed at high-risk of offending or victimisation. The 10 young people will receive a combination of 1 x one to one mentoring / group sessions (per week) with a UTurn youth worker over a 30-week period. | psychological and emotion skills, such as self-regulation, resilience, and relationship building. This presents an opportunity for UTurn to engage young people through in-school and community-based work to support this. To that end, The Youth Project is a community-based mentoring and educational project designed to implement early intervention to prevent long-term anti-social behaviour, social exclusion, and criminal offending and victimisation | | | | |

**The Police Fire and Crime Commissioner has a "We will Commitments" section within in their plan**

**Tendring CSP will adopt the same approach, therefore, Tendring CSP "We Will Commitments"**

- Continue to develop preventative, proactive, problem solving policing activities by working across the Community Safety Partnership (CSP) - JCP
- Work with schools, voluntary and statutory youth services to engage with young people, prevent crime and promote safe behaviours.
- Support increased participation in Community Safety by supporting schemes such as Neighbourhood Watch, Street Pastors, Community Speed Watch, Volunteer Police Cadets and others.
- Tackle anti-social behaviour to prevent longer-term and more serious crime.
- Make greater use of Restorative Justice (RJ) to help put right the harm caused by anti-social behaviour, making clear to perpetrators the effect their behaviour has on individuals and communities.
- Support the community spirit shown throughout the COVID-19 crisis to strengthen communities, tackle ASB and ensure criminals have no place to thrive.
- Support victims and their families affected by domestic abuse to feel safe, cope and recover
- Train and develop front line professionals to recognise the signs and indicators of domestic abuse and to know how and where to go to for help.
- Support victims of domestic abuse who have also experienced sexual abuse, ensuring they receive the specialist help and advice they need.
- Respond to local drug, alcohol and substance misuse – getting more people away from dependency into treatment.
- Tackle perpetrators who groom individuals or groups, with a particular focus on victims who are targeted online.
- Work locally on the priority areas for the Essex Violence & Vulnerability Unit, including:
- Supporting staff, including frontline workers, to respond to the needs of young and vulnerable people, listening to and acting on what communities

- Respond to the needs of individuals and local communities who are vulnerable to specific crime types such as hate crime, elder abuse, harassment, human trafficking, female genital mutilation (FGM), forced marriage and honour based abuse (HBA).

- Improve reporting of hate incidents through improved community engagement, improved reporting through Victim Support and greater use of Hate Crime Reporting Centres.
