Record of number of approved surveillances under the Regulation of Investigatory Powers Act 2000 (RIPA). **It is important to note that this does NOT apply to all enforcement activity and therefore, it is likely that nil or low returns will be recorded.** Council officers are in the course of investigating frauds and certain regulatory criminal offences within the district may be required to undertake covert monitoring operations to gather evidence to present to a court. In doing so, those officers must comply with the relevant legislation i.e., the Regulation of Investigatory Powers Act 2000 (RIPA) and the associated regulations and codes of practice. RIPA provides a strict authorisation mechanism for public authorities to undertake covert surveillance in compliance with the [Human Rights Act 1998](#). Lawful interference with Article 8 (right to respect for private and family life) rights is only permissible, if it is necessary and proportionate to do so, therefore can only be undertaken in accordance with the Council’s Policy and Procedures, approved by an Authorising Officer and the Magistrates’ Court. The Council is required to report the number of authorisations granted on an annually basis to the Office of Surveillance Commissioners.
