Delivering high quality services	A3 Minimise Waste; Maximise Recycling	Cllr. Michael Talbot	The Council implemented a substantially different waste and recycling collection service in 2019. The new service brought with it a number of challenges and opportunities that saw recycling rates increase. The objective through the course of this year is to further develop and consolidate the service to ensure it continues to deliver a good recycling rate whilst providing a good level of satisfactory for residents.	Green	Q1	Officers will work with the Council's waste collection contractor to identify areas where the waste collection and recycling service can be developed and refined. This will focus on increasing recycling rates where possible and further improving customer satisfaction.	Amber	The key plank of identified activity is the introduction of in cab technology to allow drivers on the spot information on collection points, special needs, missed collections and customer details. The technology is available and the teams are currently working on data cleansing issues in order to facilitate roll out. This should speed up response to missed bin reports and confirm green waste bin collections.
					Q2	Where possible and within existing budgets additional opportunities for recycling will be explored and implemented.	Green	<ul style="list-style-type: none"> Additional Tetrapak recycling sites deployed on a Rolling Programme in Q1/Q2 Proposals for textile kerbside collection prepared for consideration by Portfolio Holders. Prepared in August 2022 and Portfolio Holder decision anticipated in October Coloured bag provision for community litter picking agreed and to be deployed in October 2022 Early stage consideration of glass kerbside collection and wider range of plastic recycle.
					Q3	Implementation of the improvements and opportunities identified in Q1 & Q2.		
					Q4	Implementation of the improvements and opportunities identified in Q1 & Q2.		

Delivering high quality services	A6 Effective regulation and enforcement	Cllr. Giancarlo Guglielmi	The Covid response work continues, alongside a commitment to Enforcement. As agreed at the Corporate Enforcement Group the Community Ambassadors are being trained to respond to three key offences using Fixed Penalty Notices. The areas of priority are dog fouling, littering and fly tipping. The Community Safety Team continue to use the powers available to the authority in the Anti-Social Behaviour (ASB) 2014 Act. These powers are usually used in conjunction with partners such as Essex Police or Housing Associations.	Green	Q1	Prepare for and commence the Summer Plan 2022 and Ambassadors to focus on the three priority areas identified by the Corporate Enforcement Group. Maximise capacity within the approved establishment of 5 Ambassadors and an ASB Case Officer (with a view to maintaining that position throughout the year). Subject to approval of the funding.	Amber	The Summertime Plan 2022 has been prepared and Councillors have been briefed via an All Member Briefing on 12 May 2022. The plan has been circulated to all Councillors in May 2022. A separate underpinning delivery plan has been prepared for partner agencies. Approval has been given, in May 2022, to appoint 5 Ambassadors and a Case Officer. Three posts are filled and as the team lacks full capacity, agency staff are being utilised to provide cover during peak periods.
					Q2	Commence a review of the Strategic database to ensure consistency of recording of instances and relevant cases given to ASB Case Office for litigation.	Green	A review of the Strategic Database has taken place and a new system put in place, and no inconsistencies in recording identified. However as yet no complaints suitable for litigation. The new recording system – Dynamics 365 - allows officers to log complaints, risk assess the information and conduct a full investigation using its functionality. From initial complaint / contact to disposal – also creating a report of outstanding cases and an audit trail. As at 15 September there were 277 cases in the database.
					Q3	Evaluation and All Member Briefing to review the success of the Summertime plan. This will include a 'lessons learnt' document.		
					Q4	Report back to Cabinet and/or an update at an All Member Briefing. Progress to also be reported back to partners including the Office of the Police Fire and Crime Commissioner as part of the annual review.		
Delivering high quality services	A7 NET Carbon Neutral by 2030	Cllr. Michael Talbot/Cllr. Alex porter	The Council has pledged to become carbon neutral by 2030 from the Council's own activities and from the electricity it uses. The Council has an Action Plan 2020-2023 to help it make progress towards this goal, and it will continue to deliver actions within the Action Plan. In particular, the Council will focus on improving the efficiency of the Council's estate, and	Amber	Q1	Develop options for consideration by the Portfolio Holder for building improvements to reduce carbon emissions, based on energy audits.	Red	At the Q2 point, the Cabinet will be asked to formally approve the amendment to this highlight priority to reflect that the commitments have always been to net carbon neutral. Energy audits are not yet complete. Additional resource is needed to create the capacity to complete the audits, which is likely to be a call on the climate fund. Q4 completion of improvement projects is at risk.
					Q2	Decide on TDC's low-carbon electricity purchase.	Red	It is proposed to AMEND the highlight priority to reflect that the commitment has always been to be net carbon neutral. Further opportunities are being explored as part of the Council's annual contract renewal considerations, which will be finalised during Q3. On this basis it is proposed to REALIGN the "Decide
