Alresford Parish Council

24/00621/FULHH	Matthew Hall	Householder Planning Application - detached summerhouse (following demolition of existing garage)	16 Ford Lane Alresford Colchester Essex CO7 8AS
Approval - Full			
25.07.2024			
Delegated Decision			

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing No. P01

Drawing No. P02

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 SPECIFIC RESTRICTION ON DEVELOPMENT: OCCUPATION

CONDITION: This permission shall only authorise the use and occupation of the accommodation hereby approved for purposes incidental and ancillary to the principal dwelling known as 16 Ford Lane (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed annexe would not be acceptable under the established policies of Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principal dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of that principal dwelling were the development to be occupied as an unrelated dwelling.

NOTE/S FOR CONDITION

Unless otherwise stated, this condition applies to the site outlined in red and to all new development that forms any net increase in residential accommodation and may include change of use of buildings, change of use of land for the siting of caravans or similar, new buildings and extensions.

03 APPROVAL REQUIRED: TREE PROTECTION

CONDITION: No development shall be commenced until the existing tree/s on the site, agreed, have been protected by the erection of temporary protective fences of a height, size and in positions which shall previously have been approved, in writing, with the Local Planning Authority prior to the commencement of development. The protective fences shall be retained throughout the duration of building and engineering works in the vicinity of the tree/s to be protected and the approved foundation details shall be used in construction.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

Any tree/s dying or becoming severely damaged as a result of any failure to comply with these requirements shall be replaced with a tree or trees of appropriate size and species during the first planting season, or in accordance with such other arrangement as may be approved, in writing, with the Local Planning Authority up to first use or first occupation of the development, following the death of, or severe damage to the tree/s.

REASON: For the avoidance of damage to the existing tree and in the interests of visual amenity and the character and appearance of the area. This condition is required to be carried out prior to the commencement of any other development to ensure trees are protected early to ensure avoidance of damage or lost due to the development and/or its construction. If agreement was sought at any later stage, there is an unacceptable risk of lost and damage to trees.

04 APPROVAL REQUIRED - TREE PROTECTION - FOUNDATION DETAILS

No development shall be commenced until details of the proposed foundations to be used in the construction of the development have been submitted to and approved, in writing, by the Local Planning Authority. Such approved details shall be adhered to during the construction phase.

REASON: For the avoidance of damage to the existing tree and in the interests of visual amenity and the character and appearance of the area.

01 ADVERTISEMENT (SCHEDULE 2 CONDITIONS)

CONDITIONS:

1. No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.
2. No advertisement shall be sited or displayed so as to:
 - (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);
 - (b) obscure, or hinder the ready interpretation of, any traffic sign, railway signal or aid to navigation by water or air; or
 - (c) hinder the operation of any device used for the purpose of security or surveillance or for measuring the speed of any vehicle.
3. Any advertisement displayed, and any site used for the display of advertisements, shall be maintained in a condition that does not impair the visual amenity of the site.
4. Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a condition that does not endanger the public.
5. Where an advertisement is required under these Regulations to be removed, the site shall be left in a condition that does not endanger the public or impair visual amenity.

REASON: All advertisements displayed with the (express) consent of the Local Planning Authority are subject to these standard conditions by virtue of Schedule 2 to the Town and Country Planning (Control of Advertisements)(England) Regulations 2007 (as amended).

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents).

REASON: For the avoidance of doubt.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 ONGOING REQUIREMENT IMPOSED: LEVEL OF ILLUMINATION

CONDITION: The maximum luminance of the sign/s shall not exceed 300 candelas/m² at night and 2500 candelas/m² during the day.

REASON: Any luminance in excess of this level would cause harm by reason of being detrimental to the prevailing character of the area, residential amenity, biodiversity and possible distraction to highway users.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

NOTE/S FOR CONDITION:

Candelas/m2 (cd.m2) is a measure of light emitted per unit area, this unit is frequently used to specify the brightness of a display device. For example, most consumer desktop liquid crystal displays have luminance of 200 to 300 cd/m2. A HDR television display can range from 450 to up to 1600 cd/m2

04 ONGOING REQUIREMENT IMPOSED: FLASHING/INTERMITTENT ILLUMINATION

CONDITION: There shall be no flashing, intermittent or recurring form of illumination to take place at any time to highlight the advertisement/s.

REASON: These forms of illumination would cause harm because the intermittent display would distract drivers and pedestrians likely to result in detriment to highway safety.

NOTE/S FOR CONDITION:

For the avoidance of doubt, this condition applies to both internal lighting and external lighting sources to highlight the advertisement and any light type and source.

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Site Location Plan - Rec'd 23/05/2024
Drawing No. BCL-01 Revision A

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

01 **CONDITION:** The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

- o 24 HAM PL 100 - sub-station planning layout;
- o GTC-E-SS-0002_R3-5_1_of_1 - Sub-Station Details

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

02 **CONDITION:** No development above slab level shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of soft landscaping and/or boundary treatment landscaping works for the site and development hereby approved.

REASON: In the interests of visual amenity and the character and appearance of the area.

NOTE/S FOR CONDITION:

Slab level normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

Should the landscape works include any new hedgerow, please consider the following planting for a native hedge. Native hedge: 50% hawthorn, 25% blackthorn (but beware - this can spread into adjacent fields), 15% field maple, 2% holly, 2% wild privet, 2% guelder rose, 2% dog rose, 2% buckthorn.

03 **CONDITION:** All changes in ground levels and soft landscaping shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development, or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted, or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and same species unless otherwise agreed in writing by the Local Planning Authority.

REASON: To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

<u>24/00743/FULH</u> <u>H</u> Approval - Full 25.07.2024 Delegated Decision	Mr Pasque	Householder Planning Application - Proposed single storey annexe to rear of Midhurst.	Midhurst Ardleigh Road Great Bromley Colchester Essex CO7 7TL
--	-----------	--	--

01 **COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT**

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 **CONDITION:** The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing Numbers. A-102B, A103A, A-201A

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement. Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations. Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 CONDITION: This permission shall only authorise the use and occupation of the accommodation hereby approved for purposes incidental and ancillary to the principal dwelling known as Midhurst, Ardleigh Road, Great Bromley, CO7 7TL (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed annexe would not be acceptable under the established policies of Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principal dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of that principal dwelling were the development to be occupied as an unrelated dwelling.

NOTE/S FOR CONDITION

Unless otherwise stated, this condition applies to the site outlined in red and to all new development that forms any net increase in residential accommodation and may include change of use of

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

buildings, change of use of land for the siting of caravans or similar, new buildings and extensions.

04 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PERMITTED DEVELOPMENT RIGHTS BUILDINGS, STRUCTURES AND ENCLOSURES

CONDITION: Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of the Town and Country Planning (General Permitted Development) Order 2015, (or any Order revoking and re-enacting that Order with or without modification):- no garage, car port, fence, gate, wall or any other means of enclosure, building or structure shall be erected except pursuant to the grant of planning permission on an application made in that regard.

REASON: To enable the Local Planning Authority to retain control over the development in the interests of the amenity of the locality and to safeguard local distinctiveness.

Great Oakley Parish Council

<u>24/00510/FUL</u> Approval - Full 22.07.2024 Delegated Decision	Mr James Day	Planning Application - Proposed erection of dwelling (following demolition of existing structure).	The Forge High Street Great Oakley Harwich Essex CO12 5AH
---	--------------	--	--

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing No. 98-2017-01PB
 Drawing No. 98-2017-02PB
 Drawing No. 98-2017-03PB
 Design and Access Statement received 8 April 2024

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 FURTHER APPROVAL - CONSTRUCTION MANAGEMENT TO BE AGREED (PRE COMMENCEMENT)

CONDITION: Prior to the commencement of development details of the demolition and construction methodology and timetable shall be submitted to and approved, in writing, by the Local Planning Authority. This shall incorporate the following information:-

- a) Details of the hours of work/construction of the development within which such operations shall take place and the hours within which delivery/collection of materials for the said construction shall take place at the site.
- b) Details of the loading/unloading/storage of construction materials on site, including details of their siting and maximum storage height.
- c) Details of how construction and worker traffic and parking shall be managed. This shall include routing of all traffic and any directional signs to be installed and where.
- d) Details of any protection measures for footpaths and trees surrounding the site.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

- e) Details of any means of access to the site during construction.
- f) Details of the scheduled timing/phasing of development for the overall construction period.
- g) Details of measures to control the emission of dust and dirt during demolition/construction, and including details of any wheel washing to be undertaken, management and location it is intended to take place.
- h) Details of the siting of any on site compounds and portalos.
- i) Details of the method of any demolition to take place, including the recycling and disposal of said materials resulting from demolition.
- j) Site waste management plan (that shall include reuse and recycling of materials)
- k) Scheme for sustainable construction management to ensure effective water and energy use.
- l) Scheme of review of complaints from neighbours.
- m) Registration and details of a Considerate Constructors Scheme

The said methodology as may be approved shall be implemented in its entirety and shall operate as may be approved at all times during construction.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

NOTE/S FOR CONDITION:

You are strongly advised to discuss this condition with the Local Planning Authority and if possible/available local residents likely to be affected by this development prior to submission of details. Please note the provisions of the Highways Act 1980 Para 131 are likely to apply and may need to be discussed with the Highways Authority, this legislation includes details and penalties for any damage and/or alterations to the highway including verge, highway signage and surface materials of pavement/footpath and carriageway.

04 FURTHER APPROVAL: HERITAGE RECORD (PRE COMMENCEMENT)

CONDITION: No demolition, development or conversion works to the building shall take place until the applicant or developer has secured the implementation of a programme of historic building/s and associated analysis work in accordance with a written scheme of investigation which have been first submitted to and approved, in writing, by the Local Planning Authority. The scheme shall include a timetable for the programme and arrangements for the deposition of the archive to an appropriate depository as identified by the scheme and the scheme shall be carried out in its entirety.

REASON: To allow proper investigation and recording of the building/s of potential archaeological and historic significance. This condition is required to be agreed prior to the commencement of works to the building/s to ensure matters of archaeological importance are preserved and secured early to ensure avoidance of damage or loss due to the development and/or its construction. If agreement was sought at any later stage there is an unacceptable risk of loss or damage to archaeological and historic assets.

NOTE/S FOR CONDITION:

This condition engages prior to any works/development taking place that affects the building/s the subject of this decision.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

05 FURTHER APPROVAL: MITIGATION TO BE AGREED, RAMS (PRE COMMENCEMENT)

CONDITION: The hereby approved development shall not be first commenced until detailed proposals addressing the mitigation of the development's impact on protected Essex Habitats Sites have been submitted to and received written approval from the Local Planning Authority. Such proposals must provide for mitigation in accordance with the joint Habitats Regulations Assessment Essex Coast Recreational Disturbance Avoidance and Mitigation Strategy (RAMS), or demonstrate mitigation measures of an equivalent effectiveness.

These proposals may require on site or off site mitigation, but in either case must include evidence of the completion of a necessary legal agreement to secure the proposed mitigation and/or contribution towards mitigation. Please note a legal agreement will include legal fees and may require obligations to secure monitoring and associated fees. For any on site mitigation proposals approved, it shall be carried out in full and thereafter shall be maintained as approved.

REASON: In order to safeguard protected wildlife species and their habitats in accordance with the NPPF and Habitats Regulations. Failure to achieve satisfactory mitigation or contribution towards would result in harm by new residents due to the development's impact on protected sites.

NOTE/S FOR CONDITION:

This condition establishes the necessity to ensure the implementation of appropriate mitigation measures due to the impact of the approved development. Such mitigation may be required on-site, off-site, or a combination of both. Typically, a contribution towards visitor management measures at the protected Habitats Site(s) is the preferred and simplest approach to fulfil the requirements of this condition. To fulfil this requirement, you can contribute funds towards a range of mitigation projects in the protected areas. It is essential to secure this provision through a legal agreement between the Council, Developer/Applicant, and site owners before commencement. If this is the approach to fulfilling this condition you wish to take, you are strongly advised to finalise the legal agreement with the Council before submitting any request to discharge this condition. Failure to conclude the agreement within the discharge of condition application timeframe may lead to the refusal to discharge the condition.

Please note if there are other obligations needed for this development, for example to secure monitoring and maintenance of a Biodiversity Net Gain Plan you may wish to combine these together as one legal agreement.

LEGAL AGREEMENT REQUIRED TO DISCHARGE CONDITION

As per the relevant condition above, this application requires mitigation against recreational impact in accordance with The Essex Coast Recreational disturbance Avoidance and Mitigation Strategy (RAMS) and Regulation 63 of the Conservation of Habitat and Species Regulations 2017. To satisfy a RAMS condition and allow a condition to be formally discharged, a completed UU must be submitted with a Discharge of Condition application.

Prior to the submission of the Discharge of Condition application, we can prepare the UU for you (to be reviewed by your solicitor) or we can review a draft UU you have provided (drafted by your solicitor). Both services will incur a charge.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

Please see the 'Preparation of a UU' guidance on our website at:
<https://www.tendringdc.gov.uk/content/the-s-106-process>

06 HIGHWAYS REQUIREMENT - ACCESS

CONDITION: The hereby approved access shall be completed in all respects in accordance with the approved drawings and be available for use prior to occupation. The approved access shall then be retained in its approved form. Prior to first use of the new access the existing access to the south east of the site as shown on Drawing No. 98-2017-01PB shall be suitably and permanently closed incorporating the reinstatement to full height of the highway footway and kerbing.

REASON: To ensure that an increase in accesses available does not increase in highway safety risk.

NOTE/S FOR CONDITION:

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

07 RESIDENTIAL TRAVEL INFORMATION PACK

CONDITION: Prior to first occupation of each dwelling, a Residential Travel Information Pack (travel pack) shall be provided to each dwelling for use of its first occupiers. The travel pack shall be agreed, in writing, by the Local planning authority prior to provision and shall include a minimum of six one day travel vouchers for use with a local transport operator.

REASON: In the interests of reducing the need to travel by car and promoting sustainable development and transport.

08 UNEXPECTED GROUND CONDITIONS

CONDITION: Prior to and during construction, if any unexpected ground conditions are encountered, the following processes must be followed:

- a. All site works at the position of the suspected contamination will stop and the Local Planning Authority and Environmental Health Department will be notified as a matter of urgency.
- b. A suitably trained geo-environmental engineer should assess the visual and olfactory observations of the ground and the extent of contamination and the Client and the Local Authority should be informed of the discovery.
- c. The suspected contaminated material will be investigated and tested appropriately in accordance with assessed risks. The investigation works will be carried out in the presence of a suitably qualified geo-environmental engineer. The investigation works will involve the collection of solid samples for testing and, using visual and olfactory observations of the ground, delineate the area over which contaminated materials are present.
- d. The unexpected contaminated material will either be left in situ or be stockpiled (except if suspected to be asbestos) whilst testing is carried out and suitable assessments completed to

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

- determine whether the material can be re-used on site or requires disposal as appropriate.
- e. The testing suite will be determined by the independent geo-environmental specialist based on visual and olfactory observations.
 - f. Test results will be compared against current assessment criteria suitable for the future use of the area of the site affected.
 - g. Where the material is left in situ awaiting results, it will either be reburied or covered with plastic sheeting.
 - h. Where the potentially contaminated material is to be temporarily stockpiled, it will be placed either on a prepared surface of clay, or on 2000-gauge Visqueen sheeting (or other impermeable surface) and covered to prevent dust and odour emissions.
 - i. Any areas where unexpected visual or olfactory ground contamination is identified will be surveyed and testing results incorporated into a Verification Report.
 - j. A photographic record will be made of relevant observations.
 - k. The results of the investigation and testing of any suspect unexpected contamination will be used to determine the relevant actions. After consultation with the Local Authority, materials should either be: o re-used in areas where test results indicate that it meets compliance targets so it can be re-used without treatment; or o treatment of material on site to meet compliance targets so it can be re-used; or o removal from site to a suitably licensed landfill or permitted treatment facility.
 - l. A Verification Report will be produced for the work.

REASON: To ensure the risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

09 APPROVAL REQUIRED: LANDSCAPING SCHEME

CONDITION: No development above slab level shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels.

REASON: In the interests of visual amenity and the character and appearance of the area.

NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

Should the landscape works include any new hedgerow, please consider the following planting for a native hedge. Native hedge: 50% hawthorn, 25% blackthorn (but beware - this can spread into adjacent fields), 15% field maple, 2% holly, 2% wild privet, 2% guelder rose, 2% dog rose, 2% buckthorn.

10 COMPLIANCE WITH DETAILS AND TIMESCALE REQUIRED - LANDSCAPING SCHEME

CONDITION: All changes in ground levels, soft/hard landscaping shown on the approved

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development, or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use/first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted, or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and same species unless otherwise agreed in writing by the Local Planning Authority.

REASON: To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

11 FURTHER APPROVAL: AGREEMENT OF BRICK

CONDITION: No development/works shall be commenced above slab level until precise details of the manufacturer and type and colour of the external facing brickwork to be used in construction have been submitted to and approved, in writing, by the Local Planning Authority. Such materials as may be agreed shall be those used in the development and fully applied prior to the first use/occupation.

REASON: To secure an orderly and well designed finish sympathetic to the character of the existing building(s) and in the interests of visual amenity and the character and appearance of the area.

NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

While this condition does not detail in what form the materials sought shall be detailed to the Local Planning Authority, it is suggested that a plan is submitted with the details to show where the materials will be located and the extent of coverage.

12 FURTHER APPROVAL REQUIRED - BIODIVERSITY ENHANCEMENT STRATEGY

CONDITION: Prior to first occupation of the dwelling a Biodiversity Enhancement Strategy for protected and Priority species shall be submitted to and approved in writing by the local planning authority.

The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs to achieve stated objectives;
- c) locations of proposed enhancement measures by appropriate maps and plans;
- d) timetable for implementation demonstrating that works are aligned with the proposed phasing of development;
- e) persons responsible for implementing the enhancement measures;
- f) details of initial aftercare and long-term maintenance (where relevant).

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

The works shall be implemented in accordance with the approved details prior to occupation and shall be retained in that manner thereafter.

REASON: To enhance protected and Priority species & habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

13 COMPLIANCE REQUIRED: ELECTRIC VEHICLE CHARGING

CONDITION: The provision of one electric vehicle charging facility detailed in the Design and Access Statement received on 8 April 2024 shall be installed in a working order, prior to first occupation of the dwelling and thereafter shall be maintained.

REASON: In order to promote sustainable transport.

14 COMPLIANCE REQUIRED: MEASURES TO IMPROVE SUSTAINABILITY OF DEVELOPMENT

CONDITION: The scheme of electricity energy generation via an air source heat pump as detailed in the Design and Access Statement received 8 April 2024 shall be implemented prior to first occupation of the dwellings hereby approved unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through reduced need, better use or savings in the use of water, energy and resources; reduced harm to the environment; and result in wider public benefit in accordance with the NPPF.

15 AGREEMENT OF MEASURES TO IMPROVE SUSTAINABILITY OF DEVELOPMENT

CONDITION: No development shall commence above slab level until a scheme for the provision and implementation of water and resource efficiency measures for the lifetime of the development shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme shall include as a minimum:-

- Agreement of a scheme for water conservation including greywater recycling and rainwater capture/re-use for new dwellings.
- Agreement of a scheme to achieve as far as possible a water consumption rate of not more than 110 litres, per person, per day for new dwellings.
- Agreement of scheme for waste reduction
- Provision of a fibre optic broadband connection to the best possible speed installed on an open access basis and directly accessed from the nearest exchange, incorporating the use of resistant tubing. (If the applicant is unable to achieve this standard of connection, and can evidence through consultation that this would not be possible, practical or economically viable an alternative superfast (i.e. will provide speeds greater than 30mbps) wireless service will be considered.)

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the Local Planning Authority. The scheme shall be constructed

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

REASON: To enhance the sustainability of the development through reduced need, better use or savings in the use of water, energy and resources; reduced harm to the environment; and result in wider public benefit in accordance with the NPPF.

NOTES FOR CONDITION:

Slab level normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visualised above ground level or seek confirmation from the Local Planning Authority for your development.

Broadband provision is included to ensure the development is able to be equipped with high speed broadband to enable opportunities for web-based communication and homeworking reducing the need for unsustainable travel.

A water consumption rate of not more than 110 litres, per person, per day adopted as Planning Policy and as imposed by this condition will directly change the building regulations water consumption rate to match as a result of this policy. The introduction of effective utilities, rainwater capture for watering plants, aerators to taps and other water saving options can be considered.

16 FURTHER APPROVAL: JOINERY

CONDITION: Prior to any work to the windows or doors, additional drawings that show details of proposed new windows, doors, rooflights, garage doors, fascia and sills to be used, in section and elevation at scales between 1:20 and 1:1 as appropriate, to include method of opening and materials, to be submitted and agreed, in writing, to the Local Planning Authority for approval. The details shall be carried out in full and as may be approved.

REASON: In the interests of protecting and reducing harm to the designated heritage asset, in this case the Conservation Area.

--	------------------------------------	--	--

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

<i>Application No.</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
<i>Decision</i>			
<i>Date of Decision</i>			
<i>Conditions/Reasons</i>			

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Document titled; Location Plan - Rec'd 21/05/2024
 Drawing No. 0485/PL/05
 Drawing No. 0485/PL/03
 Drawing No. 0485/PL/04 Revision A

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.
