<a href="#"><u>25/00090/FUL</u></a> Approval - Full 03.03.2025 Delegated Decision	Mr Andrew Worn - Shadows Pit Nursery Ltd	Planning Application - Proposed extension of building for the storage of agricultural machinery.	Shadows Pit Nursery Harwich Road Ardleigh Colchester Essex CO7 7LT
---	---	--	---

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Proposed Elevations - Received 20.01.2025

Proposed Floor Plan - Received 20.01.2025

Site Location Plan - Received 20.01.2025

Block Plan - Received 30.01.2025

Supporting Statement - Received 20.01.2025

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

01 COMPLIANCE REQUIRED: COMPLETION TIME LIMIT

CONDITION: The work authorised by this Decision Notice must be completed within two years of the date of this Notice. If the work is not completed within this period, for whatever reason, the authority to proceed expires.

REASON: To ensure that the permitted works are arboriculturally appropriate.

NOTE/S FOR CONDITION:

- 1) Please note that any approval given to by the Council does not give an exemption from the requirements to comply with the Wildlife and Countryside Act 1981 (as amended), the Countryside and Rights of Way Act 2000, the Conservation (Natural Habitats etc.) Regulations 1994 or any Acts offering protection to wildlife. All birds (except those listed in schedule 2 of the Wildlife and Countryside Act 1981), their nests and eggs are protected by law. It is an offence to intentionally or recklessly kill, injure or take any wild bird, or damage, destroy or intentionally disturb the nest of any wild bird whilst it is in use or being built. For this reason tree work should not be undertaken during the nesting season (broadly March to August) unless a survey for nesting birds confirms their absence. Should you require any further information on nesting birds, please contact Natural England on 03000 603900.
- 2) You are advised that trees have the potential to support roosting bats. Bats and their roosts are legally protected. It is an offence to disturb or harm a bat, or damage, destroy or obstruct any place used by bats for shelter, whether they are present or not. Trees should be inspected before any works commence and if the presence of bats is suspected works must cease and advice sought from The Bat Conservation Trust on 0845 1300228.
- 3) This decision is valid for two years from the date of this decision or until the work is completed, whichever is the sooner. You are advised that the appropriate standards for tree work are set out in British Standard 3998:2010. Failure to ensure the proposed works are carried out to these standards may result in damage to the tree(s) and may result in legal action by the Council.
- 4) The council not objecting to/approving the proposal does not give the legal right for a person to enter another person's land to prune or fell their tree(s). Permission should be sought from the tree owner before works to a tree(s) are carried out.

01 COMPLIANCE REQUIRED: COMMENCEMENT SECTION 73 TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration (DATE THAT WAS THE LAST DATE OF THE APPLICATION THIS APPLICATION VARIES).

REASON: To comply with the requirements of Section 73 and 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence (if not already commenced) within the timeframe provided unchanged from the permission varied. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 EXTERNAL FINISHES

CONDITION: The external finishes used in the approved development shall be those listed within the document entitled "COVERING LETTER - REC'D 14.01.25"

REASON: For the avoidance of doubt and in the interests of proper planning.

03 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

REASON: For the avoidance of doubt and in the interests of proper planning.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside

<i>Application No. Decision Date of Decision Conditions/Reasons</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
---	-------------------------	-----------------	-----------------

the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

#### 04 SPECIFIC RESTRICTION ON DEVELOPMENT: OCCUPATION

CONDITION: This permission shall only authorise the use and occupation of the accommodation hereby approved for purposes incidental and ancillary to the principal dwelling known as 70 Ladysmith Avenue Brightlingsea Colchester Essex CO7 0JD (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed annexe would not be acceptable under the established policies of Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principal dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of that principal dwelling were the development to be occupied as an unrelated dwelling.

#### NOTE/S FOR CONDITION

Unless otherwise stated, this condition applies to the site outlined in red and to all new development that forms any net increase in residential accommodation and may include change of use of buildings, change of use of land for the siting of caravans or similar, new buildings and extensions.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents).

REASON: For the avoidance of doubt.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 ONGOING REQUIREMENT: RETENTION OF OFFICE

CONDITION: Notwithstanding the provisions of Article 3, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) the hereby approved outbuilding shall only be used as a home office and/or domestic storage ancillary to the principal dwelling known as 2 Ruaton Drive (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household or business use unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed building would not be acceptable under the established policies of the Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principal dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of that principal dwelling and neighbouring properties were the development to be occupied as an unrelated dwelling or office.

- 01     COMPLIANCE REQUIRED: COMPLETION TIME LIMIT

CONDITION: The work authorised by this Decision Notice must be completed within two years of the date of this Notice. If the work is not completed within this period, for whatever reason, the authority to proceed expires.

REASON: To ensure that the permitted works are arboriculturally appropriate.

NOTE/S FOR CONDITION:

- 1) Please note that any approval given to by the Council does not give an exemption from the requirements to comply with the Wildlife and Countryside Act 1981 (as amended), the Countryside and Rights of Way Act 2000, the Conservation (Natural Habitats etc.) Regulations 1994 or any Acts offering protection to wildlife. All birds (except those listed in schedule 2 of the Wildlife and Countryside Act 1981), their nests and eggs are protected by law. It is an offence to intentionally or recklessly kill, injure or take any wild bird, or damage, destroy or intentionally disturb the nest of any wild bird whilst it is in use or being built. For this reason tree work should not be undertaken during the nesting season (broadly March to August) unless a survey for nesting birds confirms their absence. Should you require any further information on nesting birds, please contact Natural England on 03000 603900.
- 2) You are advised that trees have the potential to support roosting bats. Bats and their roosts are legally protected. It is an offence to disturb or harm a bat, or damage, destroy or obstruct any place used by bats for shelter, whether they are present or not. Trees should be inspected before any works commence and if the presence of bats is suspected works must cease and advice sought from The Bat Conservation Trust on 0845 1300228.
- 3) This decision is valid for two years from the date of this decision or until the work is completed, whichever is the sooner. You are advised that the appropriate standards for tree work are set out in British Standard 3998:2010. Failure to ensure the proposed works are carried out to these standards may result in damage to the tree(s) and may result in legal action by the Council.
- 4) The council not objecting to/approving the proposal does not give the legal right for a person to enter another person's land to prune or fell their tree(s). Permission should be sought from the tree owner before works to a tree(s) are carried out.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

03 3. CONSTRUCTION METHOD STATEMENT

CONDITION: Prior to the commencement of development details of the construction methodology and timetable shall be submitted to and approved, in writing, by the Local Planning Authority. This shall incorporate the following information:-

- a) Details of the hours of work/construction of the development within which such operations shall take place and the hours within which delivery/collection of materials for the said construction shall take place at the site.
- b) Details of the loading/unloading/storage of construction materials on site, including details of their siting and maximum storage height.
- c) Details of how construction and worker traffic and parking shall be managed. This shall include routing of all traffic and any directional signs to be installed and where.
- d) Details of any protection measures for footpaths and trees surrounding the site.
- e) Details of any means of access to the site during construction.
- f) Details of the scheduled timing/phasing of development for the overall construction period.
- g) Details of measures to control the emission of dust and dirt during construction, and including details of any wheel washing to be undertaken, management and location it is intended to take place.
- h) Details of the siting of any on site compounds and portaloos.
- i) Details of the method of any demolition to take place, including the recycling and disposal of said materials resulting from demolition.
- j) Site waste management plan (that shall include reuse and recycling of materials)
- k) Scheme for sustainable construction management to ensure effective water and energy use.
- l) Scheme of review of complaints from neighbours.
- m) Registration and details of a Considerate Constructors Scheme
- n) Details on the provision, location and management of any show home/s or reception, including opening times, parking and advertisements (including flags and directional signs).

The said methodology as may be approved shall be implemented in its entirety and shall operate as may be approved at all times during construction.

REASON: To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

NOTE/S FOR CONDITION:

You are strongly advised to discuss this condition with the Local Planning Authority and if possible/available local residents likely to be affected by this development prior to submission of details.

04 NOISE COMPLIANCE

CONDITION: All recommendations contained within the submitted Noise Impact Assessment

shall be carried out and thereafter maintained at all times.

REASON: In the interest of the amenity of neighbouring residents having regard to the background noise levels in the area.

NOTE/S FOR CONDITION:

This condition shall engage and requires details to be agreed prior to first use. This condition is imposed due to concern/s over potential noise that may harm amenity and is imposed as it is considered necessary to control potential noise that would have otherwise warranted a refusal.

05 ENTRY AND EXIT SIGNAGE

CONDITION: Notwithstanding details submitted, prior to the first use of the development hereby approved, details of the entry and no entry signage shall be submitted to the Local Planning Authority for approval, in writing, and shall as may be approved be installed at the entry and exit points to the forecourt and thereafter maintained.

REASON: To ensure that vehicles can enter and leave the site in a controlled manner.

06 CONDITION: The proposed development hereby approved shall not be first used until such time as the vehicle parking area indicated on the approved plans, including any parking spaces for the mobility impaired, has been hard surfaced, sealed and marked out in parking bays. The vehicle parking area and associated turning area shall be retained in this form at all times. The vehicle parking shall not be used for any purpose other than the parking of vehicles that are related to the use of the development unless otherwise agreed with the Local Planning Authority.

REASON: To ensure that on street parking of vehicles in the adjoining streets does not occur in the interests of highway safety and that appropriate parking is provided

07 7. FURTHER APPROVAL: DETAILS OF ILLUMINATION

CONDITION: Prior to the erection/installation of any floodlighting or other means of external lighting at the site, details to include position, height, aiming points, lighting levels and a polar luminance diagram shall be submitted to and approved, in writing, by the Local Planning Authority. The lighting shall be carried out and retained as may be approved. There shall be no other means of external lighting installed and/or operated on/at the site except that approved.

REASON: In the interests of amenity to reduce the impact of night time illumination on the character of the area and in the interests of biodiversity.

08 ONGOING REQUIREMENT IMPOSED - RESTRICTION ON OPERATION TIMES

CONDITION: The hereby permitted jet wash facility shall only operate between the hours of 7am and 7pm; Mondays to Sundays including Bank Holidays. There shall be no use of the jet wash facility outside of these hours.

REASON: To enable the Local Planning Authority to retain control over the development in the interests of residential amenity within close proximity.

NOTE/S FOR CONDITION:

- 1) This condition shall engage and restricts the operation of the development from the first commencement of the use. This condition is imposed to ensure the development avoid unreasonable impact on the residential amenity of neighbouring dwellings, especially given the location of the development with considerations to the prevailing character and amenity currently enjoyed in this location. Without the imposing of this condition, the development would be refused due to the risk of harm and this condition is considered necessary, enforceable and reasonable in all other respects. This condition as detailed will apply to the development at all times unless varied or removed legally.
- 2) If the development operates outside of the hours stated this may result in unlawful development/use at risk of Enforcement Action. You are encouraged to discuss any concerns with this condition with the Local Planning Authority.

#### 09 9. UNDERGROUND TANKS

CONDITION: The development hereby permitted shall not be commenced until such time as a scheme to install the underground tanks have been submitted to, and approved in writing by, the local planning authority. The scheme shall include the full structural details of the installation, including details of excavation, the tank(s), tank surround, additional containment, associated pipework, monitoring system schedule and maintenance schedule. The scheme shall be fully implemented subsequently maintained, in accordance with the scheme, or any changes subsequently be agreed, in writing, by the local planning authority.

REASON: To protect and prevent the pollution of controlled waters (particularly the Secondary B aquifer, Source Protection Zone 3) from potential pollutants associated with current and previous land uses in line with National Planning Policy Framework (NPPF 2024; paragraphs 187,196 and 197), EU Water Framework Directive, and Environment Agency Groundwater Protection Position Statements (2018) D2 and D3.

#### 10 10. CONTAMINATION RISKS

CONDITION: Prior to commencement, no development shall take place until a scheme that includes the following components to deal with the risks associated with contamination of the site shall each be submitted to and approved, in writing, by the local planning authority: 1) A preliminary risk assessment which has identified: All previous uses potential contaminants associated with those uses a conceptual model of the site indicating sources, pathways and receptors potentially unacceptable risks arising from contamination at the site. 2) A site investigation scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site. 3) The results of the site investigation and detailed risk assessment referred to in (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how

they are to be undertaken. 4) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action. Any changes to these components require the express written consent of the local planning authority.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other off-site receptors. This condition is required to be agreed prior to the commencement of any development to ensure health and safety is secured early for both development and its construction including the health of all workers during all phases of construction. If agreement was sought at any later stage there is an unacceptable risk to health and safety.

11 11. VERIFICATION REPORT

CONDITION: Prior to first use a verification report demonstrating completion of works set out in the approved remediation strategy and the effectiveness of the remediation shall be submitted to and approved, in writing, by the local planning authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. It shall also include any plan (a "long-term monitoring and maintenance plan") for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification plan. The long-term monitoring and maintenance plan shall be implemented as approved.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are appropriately remediated.

12 CONDITION: No development should take place until a long-term monitoring and maintenance plan in respect of contamination including a timetable of monitoring and submission of reports to the Local Planning Authority, shall be submitted to and approved in writing by the Local Planning Authority. Reports as specified in the approved plan, including details of any necessary contingency action arising from the monitoring, shall be submitted to and approved in writing by the Local Planning Authority. Any necessary contingency measures shall be carried out in accordance with the details in the approved reports. On completion of the monitoring specified in the plan a final report demonstrating that all long-term remediation works have been carried out and confirming that remedial targets have been achieved shall be submitted to and approved in writing by the Local Planning Authority.

REASON: To ensure effective ongoing monitoring and maintenance

13 CONDITION: If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the local planning authority) shall be carried out until the developer has submitted a remediation strategy to the local planning authority detailing how this unsuspected contamination shall be dealt with and obtained written approval from the

local planning authority. The remediation strategy shall be implemented as approved.

REASON: To protect and prevent the pollution of the water environment (particularly the Secondary B aquifer, Source Protection Zone 3) from potential pollutants associated with current and previous land uses in line with National Planning Policy Framework(NPPF 2024; paragraphs 187,196 and 197), EU Water Framework Directive, River Basin Management Plan and Environment Agency Groundwater Protection Position Statements (2017) A4 - A6, J1 - J7 and N7.

14 CONDITION: Piling or any other foundation designs using penetrative methods shall not be permitted other than with the express written consent of the Local Planning Authority, which may be given for those parts of the site where it has been demonstrated that there is no resultant unacceptable risk to groundwater. The development shall be carried out in accordance with the approved details.

REASON: Piling or other penetrative ground improvement methods can increase the risk to the water environment by introducing preferential pathways for the movement of contamination into the underlying aquifer and/or impacting surface water quality. For development involving piling or other penetrative ground improvement methods on a site potentially affected by contamination or where groundwater is present at a shallow depth, a suitable Foundation Works Risk Assessment based on the results of the site investigation and any remediation should be undertaken. This assessment should underpin the choice of founding technique, and any mitigation measures employed, to ensure the process does not cause, or create preferential pathways for, the movement of contamination into the underlying aquifer, or impacting surface water quality.

#### 01 COMPLIANCE REQUIRED: COMPLETION TIME LIMIT

CONDITION: The work authorised by this Decision Notice must be completed within two years of the date of this Notice. If the work is not completed within this period, for whatever reason, the authority to proceed expires.

REASON: To ensure that the permitted works are arboriculturally appropriate.

#### NOTE/S FOR CONDITION:

- 1) Please note that any approval given to by the Council does not give an exemption from the requirements to comply with the Wildlife and Countryside Act 1981 (as amended), the Countryside and Rights of Way Act 2000, the Conservation (Natural Habitats etc.) Regulations 1994 or any Acts offering protection to wildlife. All birds (except those listed in schedule 2 of the Wildlife and Countryside Act 1981), their nests and eggs are protected by law. It is an offence to intentionally or recklessly kill, injure or take any wild bird, or damage, destroy or intentionally disturb the nest of any wild bird whilst it is in use or being built. For this reason tree work should not be undertaken during the nesting season (broadly March to August) unless a survey for nesting birds confirms their absence. Should you require any further information on nesting birds, please contact Natural England on 03000 603900.
- 2) You are advised that trees have the potential to support roosting bats. Bats and their roosts are legally protected. It is an offence to disturb or harm a bat, or damage, destroy or obstruct any place used by bats for shelter, whether they are present or not. Trees should be inspected before any works commence and if the presence of bats is suspected works must cease and advice sought from The Bat Conservation Trust on 0845 1300228.
- 3) This decision is valid for two years from the date of this decision or until the work is

<i>Application No. Decision Date of Decision Conditions/Reasons</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
---	-------------------------	-----------------	-----------------

completed, whichever is the sooner. You are advised that the appropriate standards for tree work are set out in British Standard 3998:2010. Failure to ensure the proposed works are carried out to these standards may result in damage to the tree(s) and may result in legal action by the Council.

- 4) The council not objecting to/approving the proposal does not give the legal right for a person to enter another person's land to prune or fell their tree(s). Permission should be sought from the tree owner before works to a tree(s) are carried out.

--	----------------------	---	---

01 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

02 2. APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

- A-101 - Site And Block Plan - Rec'd 20/01/24
- A-103 - Proposed Site And Block Plans - Rec'd 20.01.24
- A-104 A - Proposed Ground Floor And Roof Plans - Rec'd 20.01.24
- A-202 A - Proposed Elevations - Rec'd 20/01/25
- A-105 - Existing And Proposed Parking Plan - Rec 24.01.24
- Planning Justification Statement - Rec'd 20.01.24

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside

<i>Application No. Decision Date of Decision Conditions/Reasons</i>	<i>Applicant's Name</i>	<i>Proposal</i>	<i>Location</i>
---	-------------------------	-----------------	-----------------

the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.
